FAIRFIELD

ALL YOU NEED TO CREATE HIGH IMPACT SIGNS

Signs Supports... any sign...anywhere!

Directional signs... Departmental signs... Promotional signs... Directories...
Menus... Information... Banners... Corporate signage...
in entrance lobbies... receptions... corridors... showrooms... windows...
exhibitions... museums... offices...

Signs are often the first opportunity to make an impression, so make sure your signs give the right message.

Any sign will be greatly enhanced in appearance by the use of a professional support system.

Solve your installation challenges with Fairfield systems that have been created to meet your every design and environmental demand with many different methods of fixing.

- Extensive range of sign, poster and banner support systems, wall-mounted or suspended.
- Fittings made of solid brass for durability, supplied in a range of top quality finishes.
- Fast, efficient service, allowing you to get on with your business.

Fairfield - quality products, quality service every time, giving you peace of mind.

Wall Mounted Supports

WM09
Clamp that allows panels up to 7mm thick to be fitted, held on any edge.
No holes required.

Quick Fit Toggle

Fit a sign instantly into an exhibition profile - no tools required. Twist and lock your sign anywhere along the length of a channel for fast installation of suspended or vertically mounted signs.

PC01-Q (for cables or wall mounted fittings)
PR01-Q (for rods)

Hold your signs away from the wall
Supports enhance the appearance of the sign
Easy to clean as dust drops down behind the sign

25mm diameter, 50mm length.
Requires 12mm hole*

...5 finishes...
Satin chrome, Warm chrome, Black, Polished chrome, Brass.

WM17 - Large 75
25mm diameter, 75mm length*

* Components shown actual size

Be unique!

Make a strong design statement by using one panel in front of another to create a double-depth sign. Can be achieved by joining two supports with PC31 to take a panel up to 6mm thick.

Need a longer support? Join two supports together using PC31.

Suspended Signs

Perfectly hung signs that are sure to get noticed

Single or multiple signs - suspended from 1.5mm cable or 6mm diameter rod.

KC2-CG05

Clamps designed to suit your panel thickness.

CG01

Connect multiple panels together.

CG02

Directional Signs

Flexible and elegant

Signs of any width or height can be combined to create the desired effect.

Add or remove panels within minutes

Fit between cables/rods or overhang. Use acrylic, glass, wood or metal panels...the choice is yours.

CWF
Wall to floor cables.

RG01 (Rod)
Vertical clamp supporting panels from the side.

WM11
Wall fixing for vertical or horizontal rods.

RS13
Supports panels with holes.

Banner Displays

Make a statement where you need it

Suspend large format graphics between floor and ceiling or at a right angle to the wall.

Hook-on Displays

Communicate your message or service

Hook on acrylic pockets, leaflet dispensers or signs.

Projecting Signs

Draw attention - project your signs from the wall

WM01 Support for signs projecting from the wall.

Acrylic Signs/Poster Holders

Need a fast solution?

Order acrylic pockets (A5 - A0) to drop in signs and graphics that are changed in an instant.
